Proceedings County Commissioners.

Madison, Fla., June 5, 1907.
The Board of County Commissioners met this day in regular session. All members present. Board called to order by the chairman and minutes of last meeting were read and approved.

On motion Life Stacy and Moses Johnson were put on the pauper list at \$2.00 per month each from date.

Commissioner Williams moved that the road engine be shut down and advertised for sale, and that the county mules be sold also, which was seconded by commissioner McLeod. Pending discussion of the motion commissioner Rye moved as a substitute that the road work be shut down until an expression of the voters of the county can be had as to whether the same shall be carried on further, whereupon commissioner Williams by consent withdrew his motion and seconded Mr. Rye's motion, and after considerable discussion as to the legal authority of the Board to call an election to conform to said motion, the county attorney was called before the Board and his opinion was asked in regard to the matter, whereupon, he gave it as his opinion that the Board had no authority under the law to call such an election.

A diagram of the Pedler Lake and Sea Pond, together with the course of the stream which flows from them connecting other large water courses and also the present public road and how said stream effects travel on same, was received from Hon. F. M. Tooke, together with proposed plan of Dr. Smith to sink a well to drain said Sea Pond and Pedler Lake and thereby stop or prevent any overflow of the public road in the future if the Board would agree to straighten the road through what is known as Fannie Lamb Bay and allow the road engine to work the same in good shape, was presented to the Board.

A communication embracing a proposition by J. W. Grubbs was read proposing to the Board to take the road engine and other road machinery, the men now employed to run same together with the mules and wagon, to feed the mules, pay hands and build good roads subject to the order of the Board for \$100 per mile, the county to pay for repairs on engines only. Also, Dr. Yates made the Board a similar proposition.

J. C. Harrell proposed to take the present road machinery, mules and equipments, feed the mules and use the present engineer and fireman, and build good roads whereover ordered by the Board for \$95 per mile.

Dr. Yates presented a petition from Dist. No. 1 of 157 names of some of the largest land owners of the county, asking the Board to suspend the present method of working the roads, and to furnish more hands, pay wages equal to other public work and to hard surface the worst sand beds and fill in the wet low places in the road.

Commissioner Williams presented a petition of 57 names of citizens of Lee asking that the road engine be shut down. Considerable discussion was indulged in pending which Board adjourned until 2 o'clock.

AFTERNOON SESSION.

The good roads business was resumed and after considerable discussion by members of the Board as well as several citizens in regard to carrying on the road work in some manner, Dr. Yates made a propo-

sition for the Board to let the road engine run and allow the Superintendent to employ enough hands to carry on the work, and for the county to pay \$1.00 per day for same, and that he would guarantee the payment of whatever extra might be needed to get the necessary help, and in the meantime he would circulate a petition for the Board to call an election to establish sub-road districts in the county, and proposed that in case any sub-road district should favor the carrying on of good roads work, that said district would levy its own taxes and build its own roads and buy its or their own machinery and mules to carry on said work. Whereupon, all propositions and plans were rejected by a majority of the Board, and commissioner Rye moved that the Board stop or discontinue the road work in the county under the present system, which was duly seconded by commissioner Williams, the vote being, Yeas: Commissioners Rye, Williams and McLeod, Nays: Commissioner Shaw. So the road engine was ordered shut down and brought into town.

It was also ordered that the county mules be sold, and that the Superintendent, engineer and fireman be retained by the Board and paid their salary monthly as heretofore, they to look after the county mules, in the meantime sell them if they can.

On motion all wood along the Rocky Ford road which was cut and belongs to the county was sold to J. S. Connell for \$1.75 per cord.

County Judge presented report of occupational license for month of May which shows amount collected therefor for State, \$9.00; county, \$4.50, and same was ordered filed.

S. J. Ellison, Tax Collector, presented report of taxes for the month of May as follows:

Resolutions on the Death of Mrs. W. H. Funk.

Whereas, the Merciful Ruler of Heaven and earth has removed from her home, church and friends, one who was notably honest, faithful and true; we, the undersigned, in behalf of the Home Mission Society, offer the following resolutions of tender love and respect.

1st. That in her death this society has suffered a great and lasting loss.

2nd. That we bow with humble and trusting submission to His will, knowing that our loss is her gain.

3rd. That we praise Him for her example and should imitate the cheerful manner in which she lived His injunction, "Whatsoever thy hands findeth to do."

4th. That we shall cherish her memory and endeavor to prove that example is more beneficial than precept.

5th. That we commend the dear husband and motherless "little ones" into the keeping of our blessed Saviour, who said that He was sent by the Spirit to heal the broken hearted.

6th. That a copy of these resolutions be spread upon the minutes of the society, also a copy be sent to her family and to the local papers.

Mrs. T. C. VANN,
Mrs. T. WHITLOCK,
Miss AGNES PARRAMORE,
Committee.

Pinetta Happenings.

Rev. Sellers filled his regular appointment at Oak Grove church last Saturday and Sunday.

Several from here attended the commencement exercises at Madison last week.

Mr. D. B. Herndon made a business trip to Valdosta last Monday.

Mr. I. C. Hunter has been quite ill for the last few days but is slowly improving now.

Misses Brogren and Davis, of Clyattville, Ga., were the guests of Mrs. Lane several days last week.

Mrs. Thelma Hawkins, of Tampa, is visiting her parents, M. and Mrs. J. L. Edwards.

Messrs. E. W. Kinsey and Samuel Henderson, of Hickory Grove settlement, were pleasant visitors to our town last Saturday and Sunday.

The post office and lodge room building are now complete, and Mr. Cowart will move the office this week.

The Wesleyan Methodists will start a series of meetings here next Friday night. They will erect a tent as their church is not large enough to accommodate the congregations they expect.

Colic and Diarrhoea.

Pains in the stomach, colic and diarrhoea are quickly relieved by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by D. G. Smith.

Notarial bond of Jno. A. Campbell for \$500 approved.

Chairman Bishop stated to the Board that in view of the fact that a majority of the Board had become so sectional in their actions on the Board, that he, as chairman, could render the citizens of his district no service whatever, and that he would consult with them on his return; and if they would consent he would tender his resignation as a member of the Board at once.

On motion Board adjourned until its next regular meeting.

T. Z. MARTIN, Clerk.

Minutes of School Board.

Madison, Fla., June 3, 1907.

A Card of Thanks.

We take this method of thanking our friends and neighbors, one and all, for assistance rendered us during illness of our little baby. We feel grateful to all.

Respectfully,
MR. AND MRS. A. T. HORNE.

Always Cures.

To cure disease a remedy must meet the requirements of the general system. Chamberlain's Specific Tablets do this and cure Indigestion, Nervous Debility, Constipation, Kidney and Bladder troubles, Foot Vitality and all kindred diseases. Building up the entire system by the various structures are braced and re-inforced by these Tablets and the system is excited to healthy full action. Send for book of particulars and wonderful cures. Price 25c per box. If your druggist cannot supply you they will be sent prepaid upon receipt of price. Address, Haggard & Co., Atlanta, Ga.

A Card.

To the many kind friends and neighbors who rendered us such valuable assistance during the fatal illness of our son, Edward, and who by their kindly sympathy and loving words sought to temper the blow which came to us by his death, we offer our sincere appreciation and earnest gratitude. It is in harrowing moments like these that the sympathy of loving friends counts for much and their deeds of love and kindness together with words of sympathy go far toward easing the heart's burden of grief. We are grateful to one and all.

Respectfully,
MR. AND MRS. F. M. TOOKE.

Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success often depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's remedies have been in the market for many years and enjoy a good reputation. Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints; Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough; Chamberlain's Pain Balm (an antiseptic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pains; Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles; Chamberlain's Salve for diseases of the skin. One bottle of each of these five preparations costs but \$1.25. For sale by D. G. Smith.

One million, seven hundred and twenty nine feet of lumber, two general cargoes and 12,590 barrels of rosin, equal in value to \$120,-599.74, was shipped to foreign ports from Jacksonville during the month of May.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommend it in all stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. D. G. Smith.

At last the hopes of the people of St. Augustine have been realized for the first electric car has been run over the streets of the city by the St. Johns Light & Power Company.

Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied. D. G. Smith.

Trains are now running into Brooksville over the Tampa Northern. It has been the dream of the Brooksville people for many years to have a road to Tampa.

Bert Barber, of Elton, Wis., says: "I have only taken four boxes of your Kidney and Bladder Pills, and they have done for me more than any other medicine has ever done. I am still taking the pills as I want a perfect cure." Mr. Barber refers to Dr. Williams' Kidney and Bladder Pills, which are distinguished for Backache, weak kidneys, inflammation of the bladder and all urinary troubles. A week's treatment for 25c. Sold by W. B. Dwyer.
